Thanks Beth,

Okay, I can pull back that content for GenX.. if you want to just look at the current site again and send me a PDF or MS Word of the changes and I can take care of them. I started going over the PPRTV updates. I can add this on the recent additions and home page, but it looks like there are 3 possible related existing chemical pages. These are for, see table below. Are all 3 of these covered in the updated assessment?

<u>Perfluorobutane sulfonate (PFBS)</u>	375-73-5	2014
<u>Perfluorobutane sulfonic acid</u>	45187-15-3	2014
<u>Potassium Perfluorobutane Sulfonate</u>	29420-49-3	2014

I will need the activation tables for all 3 assessments and need to confirm whether CASRN 45187-15-3 was even done in the 2014 report or not? Not seeing on the report so far.

Thanks again, Maureen

Hi Maureen-

I was just able to look at the web sites. We're going to need to edit to clarify that we are only announcing the final release of PFBS. Not of the GenX Chemicals assessment. The GenX Chemicals assessment materials need to stay exactly the same.

Do we need to do anything to prep the PPRTV release page?

Thanks  
Beth

Hi Beth,

How are things going with the PFAS Final and PPRTV documents? I have the Response to Comments (508) document back and ready. I've also taken a stab at the 2 PFOA,PFAS page updates (these are just staged now) for your review and input.

Final Assessment – staging site [Ex. 6 Personal Privacy (PP)] (will include updated link once the document is posted).

Collection of documents -staging site [Ex. 6 Personal Privacy (PP)] (does not include new documents yet)

Let me know if you have any edits or comments. Cheers, Maureen

Hey Teresa and Maureen-

Small change. I removed all the other managers just for less email traffic for them.

Can we have the final 508 versions ready by 11/11? That would be slightly less time for Highlight before moving to 508. I don't know how much time is needed for 508 to be able to do the back calculating of how much time for Highlight.

What do you guys think?

Hey everyone,

Late yesterday we heard that we are put on hold 😞

# Ex. 5 Deliberative Process (DP)

What does everyone think? Did I miss anything?

Disappointed, not surprised, but hopefully we'll use the extra time wisely and not have to scramble when we do get to release it.

Thanks everyone for pushing with us,  
Beth

## Ex. 5 Deliberative Process (DP)

Maureen is currently doing 508 on the PFBS version going on the PFAS website. To make it a PPRTV, can we just replace the cover and preface and it will be minimal additional 508?

Sorry. We didn't coordinate all this end posting well enough.

Does this give people heart pains?

Thanks

Beth

Hi Teresa,

I think that would be great. Here is the assessment with the PPRTV version of the preface. This version has the alt text and metadata added. It may just need to get the PPRTV cover and any editing that you guys would want to do.

I'm not sure of the specifics of how but Ex. 5 Deliberative Process (DP)

What do you think is a realistic timeline for the PPRTV?

Thanks so much!

Hi Teresa and crew-

Wanted to let you know this is moving fast now. We got word that PFBS has been cleared by ORD, Ex. 5 Deliberative Process (DP) Maureen has started her contractors 508ing the version that will go on the pfas website. I wanted to see if we could also get the PPRTV version going through the steps too. It's going to be impossible to get the final PPRTV version ready by next Thursday (I'm guessing) but could we get an interim version posted and replaced with the final one? You mentioned Highlight formatting to get the cover – shouldn't need much formatting changes to make it like a PPRTV (we'll have a different preface). We'll need a new PPRTV number, right? Right now it is 600 series.

Thanks all!!  
Beth

**Subject:** RE: PFBS PPRTV - What's the plan?

Just my two cents but if we are making this a PPRTV would you like Highlight to format it as such? Adding the cover page etc. Also this will need an EPA number if it is going to be a PPRTV? We have our own EPA numbering series. Would be easy to do. I usually send the PPRTVs to Maureen Johnson once all this is done and she and her staff take care of the 508 process and posting. We can certainly also have a call on this too if need be. Thanks.
